

Grooming Release Form

Owner's Name: _____ Client ID: _____

Pet's Name: _____ Contact Number for **TODAY:**

All animals must be current on required vaccinations before grooming. In addition, we require all pets to be groomed to arrive by 9:00 a.m. unless arrangements are made in advance. This will allow our groomer to stay on schedule. A late fee of **\$10.00** will be charged for all groom clients arriving after 9:00 a.m. Your spot may be filled and you may be asked to reschedule if you are late and have not called our office by 9:30 a. m.

May we sedate/anesthetize your pet if necessary? Yes No Call First

We will try to groom without sedation first.

If sedation is necessary, do you wish to have pre-anesthetic blood work? Yes
No

Please note any reactions that your pet has had in the past with sedation/anesthesia, clipper burns, or products:

I understand that dematting my pet may or may not be possible depending on the severity of the mats. I also understand that if dematting is not possible, a short clip may be necessary. It is not possible to brush out a coat that is already severely matted due to the stress and pain it will cause your pet. For coats that are able to be dematted additional charges apply.

Initial: _____

Please perform the following optional grooming services. I understand that additional charges will be incurred.

- Teeth Brushing (\$7.35) Remoisturizing (\$6.00) Dematting (\$10/hr)
- Whitening Shampoo (\$7.00) Medicated Bath (request cost) Nail filing (\$5.25)
- Apply Flea Treatment (\$10-\$14) Sedation (request cost)

I give St. Francis Veterinary Hospital permission to bathe and groom my animal. I realize that grooming requires the use of scissors and other cutting instruments and that such use may result in injury if the animal being groomed moves suddenly. I will not hold the groomer or St. Francis Veterinary Hospital responsible for any injuries that may be incurred during grooming. Furthermore, if I have given St. Francis Veterinary Hospital permission to sedate my pet, I recognize and accept the risk associated with this procedure and will not hold the hospital responsible for complications that may occur during sedation.
